

Pupil Premium Strategy 2018//2019

The Pupil Premium Grant is additional funding to raise attainment of disadvantaged pupils and close the gap between them and their peers. It is allocated for children from low-income families, many of whom are eligible for Free School Meals, children who have been looked after continuously for more than six months or children eligible for service child premium in any of the previous 4 years

Funding allocations

£1320 per pupil for FSM pupils aged 4 and over in Rec to Year 6

£1900 per pupil for each post-LAC full time equivalent (managed by virtual school head and to be used for PEP)

£302.10 early years pupil premium (EYPP) for disadvantaged eligible 3-4 year olds accessing 570 hours of early years education.

This document details the proposed strategy and spend of the Pupil Premium 2018/19 in support of closing the gap between disadvantaged pupils and their peers at St Albert's.

Allocation for 2018/19

For the Year 2017/18 St Albert's Primary School has been allocated Pupil Premium funds of **£142,916**.

Principles

- We will ensure that the PPG is used effectively to improve outcomes for disadvantaged children
- We will consider closely the barrier to learning that disadvantaged children in St Albert's face □ We will ensure that approaches used are evidenced based and adequately monitored.
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.

Current attainment 2018 (awaiting new figures)		
	<i>Pupils eligible for PP (your school)</i>	<i>Pupils not eligible for PP (national average)</i>
% achieving ARE in reading, writing & maths		
% making expected level of progress in reading		
% making expected level of progress in Writing		
% making expected level of progress in maths		

Self Assessment

School self assessment resulted in the identification of the following barriers to learning

- A. High percentage of SEN PP and Low number of HA
- B. Low attainment/progress for PP children especially in reading and maths
- C. Poor oral skills
- D. Behaviour including poor attitudes to learning and lack of engagement
- E. Poor exposure to experiences which impacts on oral skills, understanding, reading and writing F.
Attendance
- G. *Family engagement*

School self assessment resulted in the identification of the need for the following key objectives

1. Quality first teaching in reading, writing and maths – to raise attainment by improving teaching and learning.
2. Targeted support to raise attainment- to ensure that PP children have access to a range of intervention and support strategies.
3. Family engagement and support- to develop approaches which do no PP due to lack of family engagement and support and to seek approaches which encourage families to support their child's learning
4. Widening of opportunities – to provide a range of opportunities for pupils to access learning opportunities and widen their experiences. This will impact upon their attainment oral skills, reading skills, well being self esteem and confidence and also raise their aspirations.
5. Social and emotional support
6. Improving Speech and language throughout the school with an emphasis on improving vocabulary

An additional objective identified is to keep class sizes as small as possible thus avoiding mixed classes so that quality first teaching can take place more effectively.

i. Key Objective -Quality of teaching for all

Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Quality teaching in reading Raise in attainment	Read, Write Inc CPD	This is a long term strategy. This will benefit all KS1 children. The Sutton trust Toolkit states that evidence suggests supporting phonics +4 and reading +5 has a moderate impact for very low costs. The school is committed to the RWInc projects and CPD for all staff.	Lit Co-ord	Improved attainment in reading in KS1 evough assessment data Course evaluations Observations	£1,000
Quality 1 st Teaching in maths Raise in attainment	Maths CPD – to develop maths mastery approach via maths hub and oaks training for all teachers	This is a long term strategy which will impact upon the whole school. The Sutton trust Toolkit states that evidence suggests mastery learning projects +5 has a moderate impact for very low costs.	Maths Co-ordinator	Improved attainment/progress in maths across the school	£5,000
Quality teaching for Year 6 Raise in KS2 attainment	Intensive support for identified classes ie Year 6 (or vulnerable classes as per data)PT teacher funded	This will have short term benefits but a long term impact. This will impact upon Literacy and Numeracy results This will support eventual transition to high school. The Sutton trust Toolkit states that evidence suggests small group tuition +4 has a moderate impact for moderate costs.	SLT	Improved attainment progress in KS2 sats	£25,000
Quality 1 st teaching in EYFS. Raising Attainment	EYFS Support – additional adult to support oral skills, behaviour and transition in Nursery or Reception.	This will have long term benefits for the EYFS children. The Sutton trust Toolkit states that evidence suggests supporting early years intervention phonics +5 has a moderate impact but that cost can be high.	EYFS lead	Improved oral skills observed. Progress made in CLD and PSED	£10,000
Total Budgeted Cost					£41,000

Key Objective 2 Targetted support					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Targetted support- Small groups	Providing small group work with an experienced SEN TA focused on overcoming gaps in learning	The school has identified that there is a significant number of PP children who are identified SEN children. To ensure that they receive early intervention and quality support the school has identified the need for additional SEN support to work with children and individuals	SENCo	PP SEN children have made appropriate progress and have access to appropriate support	12,000
Targetted Support attainment	Additional FT TA in ear 2 to boost PP children in preparation for KS1 sats and support with behavur	The school has identified that Year2 are a vulnerable cohort for LA, SEN and behaviour. To ensure that they continue to receive early intervention, and improve their attitude towards learning the school has identified the need for additional TA support to work with children and individuals	SLT	PP children in Y2 make appropriate progress in line with NA and are ready for KS2.	12,000
Targetted support Attainment	Additional Ed Psych time for PP children	The school has identified that there is a significant number of PP children who are identified SEN children. To ensure that they receive specialise Ed Psych support early the school has identified the need for additional funding.	SENCo	PP SEN are accessing appropriate support	2,500
Targetted 11supportfor all via Feedback	Facilitating Assertive Mentoring-feedback for pupils (Funding supply days for programme to be delivered)	This is a long term strategy that twill support all PP throughout the school. The Sutton Trust Toolkit states that evidence suggests Feedback +8 has a high impact for very low costs. Feedback features very strongly in the Assertive Mentoring Approach alongside mentoring +1. Funding will be used for supply costs to release staff to work with children termly	SLT	PP children show an improved attitude and involvement with their learning which impacts upon attainment.	1000

Targetted support Small groups	1 to1 tuition in Eng & Maths -3- <i>1 as per Sutton Trust</i>	This will have short term benefits for the school but long term benefits for children who will be able to progress onto high school with improved results. The Sutton Trust Toolkit states that evidence suggests one to one tuition +5 has a moderate impact but for high costs. These will be delivered by KS2 practitioners and the programme will be closely co-ordinated by the Year 6 teacher.	HT	Improved attainment/progress of identified PP children in reading and maths	3,000
Total Budgeted Cost £30,500					

Key Objective 3 – Family engagement and support					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Improved attainment Enagement with family and home learning	Reading Plus year 5 and 6 and Home Reading Resources	Long term benefits for children in KS2. The Sutton Trust Toolkit states that evidence suggests digital technology +4 has a moderate impact but for high costs and that supporting reading comprehension +5 is also effective. Access to quality reading is considered a need for our children.	Lit Coord KS2 and all staff	Improved attainment/progress in reading across the school. Increased access to quality reading materials	6,000
Engagemen t with family	Home Record Books – encouraging parental support	The Sutton Trust Toolkit suggests that Parental involvement (+3) has moderate impact for moderate cost. Supporting reading comprehension (+5) has a moderate impact for a low cost . This approach supports all PP children throughout the school.	All	Increased parental support with reading across the school	400

Attainment /engagement with family	Home Learning Resources for Year 6 children	The Sutton Trust Toolkit suggests that Parental involvement (+3) has moderate impact for moderate cost. Homework (+2) in primary schools is low impact but for a very low cost. As a school, we have identified a growing gap between children who access learning at home and those who do not.	Year6 teacher	Improved opportunities for PP children to engage in learning at home and develop an improved attitude to learning.	1,000
Attainment	Home access -IXL and reading Plus (y3-6 including facilitating after school club)	The Sutton Trust Toolkit states that evidence suggests digital technology +4 has a moderate impact but for high costs. A number of our children were not accessing this at home and we have therefore funded TA support to improve access for PP children	Maths Co-ord SJ	PP children have access to programs afterschool and this impacts upon maths	4,000
Total Budgeted Cost £11,400					

Key Objective 4 – Widening opportunities

Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Home learning IT	Additional ICT equipment(laptops)and home access ieIXL,	The Sutton Trust Toolkit states that evidence suggests digital technology +4 has a moderate impact but for high costs.	SLT	Improved opportunities for PP children to engage in learning at home and develop an improved attitude to learning.	2,000
Widening opps	Enhancement activities ie extra curricular activities, visits, Velodrome	Although the Sutton Trust Toolkit suggests participation (+2) has low impact for low cost the leadership team strongly believe that limited access to experiences limits the children's learning and impacts upon their writing, reading, oral language and aspirations. Improved access to enrichment activities is at the forefront of the school's vision of open doors.	SLT	Children have accessed a wide range of experiences and this impacts upon their self esteem, oral language well being and reading	1,829

Widening opps	Residential subsidy for y5 and 6	Similarly access to residential are supported by the school. The Sutton Trust Toolkit suggests Outdoor adventure learning (+3) has moderate impact for moderate costs. We believe that this impacts upon well being, team work and the broadening of horizons.	SLT	Children have accessed a wide range of experiences and this impacts upon their self esteem, oral language well being and reading	2,000

Total Budgeted Cost £5,829

Key Objective 6 -Quality of teaching for all via smaller class sizes

Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Quality teaching in KS2	Continuing small class sizes, thus improving opportunities for effective AfL and accelerating progress ie Y4 as an additional class	Reducing class sizes and ensuring that there are no mixed classes is a priority of the school. The school believes that this will impact upon attainment alongside behaviour, wellbeing, access to teacher and TA support and improved assessment. The Sutton Trust Toolkit states that evidence suggests reducing class sizes has a moderate impact but for a high cost.	SLT	Improved attainment across KS2 65% ARE	

Targetted support	Maintaining high levels of TAs support to enable intervention groups/individual -	Recent research indicates that the perception of the effectiveness of Teaching Assistants has increased (previously +2). We strongly believe that quality TA support is invaluable both to the academic progress and pastoral progress of our children. TAs support with interventions and due to the high number of PP children in each class who need to access these interventions there is a real need to have a TA for each class.	SLT	PP SEN children have made appropriate progress	12,000
Other approaches	Tracking system monitor progress/achievement of vulnerable groups inc FSM across R,W,M- Primary Progress	The use of Primary Progress supports the school in monitoring the progress, areas of strength and areas for development of PP children. It is an assessment and Leadership tool.	Assessment lead	Easy and accurate analysis of PP progress by all staff allowing so areas for development to be identified	1,000
Other approaches	Mics Project – responding to need	The school sets aside funding so that it can respond to new initiatives that will support PP children. This also allows us to respond to current and immediate needs which cannot foreseen.	SLT		10,000
					£23,000

Key Objective 5 social and Emotional Support – Family engagement and support

Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Social & Emotional support	Additional Learning Mentor to provide extra access to social and emotional support and to support attendance initiatives with PP	The social and emotional needs of our PP children and their families are significant and varied necessitating in the need for an additional Learning Mentor. The Sutton Trust Toolkit suggests that social and emotional learning has a moderate impact and a moderate cost.	SLT	Vulnerable children are supported with emotional or home issues and this has allowed them to concentrate in school	17,887

Social & Emotional support	Access to play therapy and Learning mentor support for identified LAC	Identified need for individual Looked after children via their PEPS	SENCo	LAC have long term support social and emotional issues	3300
Social & Emotional support	Transition Projects	Research suggests that PP children are vulnerable when transitioning from one phase of education to another. Transition projects are given priority and amongst other projects supply is bought in to facilitate transition days and projects. This will impact upon their social and emotional wellbeing. We recognise the importance of transitioning from class to class as well as Nur to Rec, KS1 to KS2 and KS2 to high school.	SLT	Smooth transition impacting upon learning and progress	3,000
Total Budgeted Cost £24,187					

Key Objective 6 – speech and language development					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	Staff Lead	Monitoring and Evaluations	COST
Targetted support- Small groups	Speech and language therapist working in EYFS and throughout the school 0.5 days per week	Poor baseline Research demonstrates that vocabulary at 3 is an indicator for KS2 sats, GCSE and income. 2/3 of 7-14 year olds with behaviour issues have language impairment Children from low income families lag behind 16 months in vocabulary at 4 years	RR	Identified S and I assessments	7,000
Total Budgeted Cost £7,000
