Times are temporarily staggered & will be reviewed. 3 entrances & exits will be used and parents and children should stick to allotted time & gate. Non siblings are staggered to come into school first- 8.30am or 8.40am (see allocation) Children with siblings then come in after wards- 8.50am or 9.00am (see allocation). A similar pattern is established at the end of the day-Non Siblings 2.45pm and 2.55pm and Siblings 3.05pm and 3.15pm There will be some cross over so everyone must be vigilant, patient and respectful to one another. There is no easy way to do this and the system will not be perfect but it goes some way to alleviating the numbers in school at one time. Despite parents wanting to gather and chat, we do have to abide by the rules, especially in the early days and parents must socially distance and not gather together.
