

1. This is what you should see when you first open Audacity.

2. Click File/Import/Audio, Then choose your sound clip/s.

3. After you have edited all your music together go to File / Export

4. Pick a suitable place to save your file (My Documents).
If possible please choose MP3 as your file type.
Then click save .

5. This should show when the audio is Exporting.
