

This week in Nursery...

We have begun to film our nativity! This is a very exciting time in school for all of the children and it has been great fun watching the children as they put on a costume and join in with the fun. This year's nativity is going to be different as we can't invite you in, but we are looking forward to showing you the finished play which we will be sharing online for you (details to follow!) Please ensure your child is in everyday to ensure that they are filmed in their part in the play.

During our Nursery sessions this week, we have also been playing with the magnets and finding out what they stick to! The children have also had lots of fun role-playing in our home corner and using some real china cups. We have been talking about how we need to be careful with them as they are easily breakable. We try to use real life items in the classroom as much as possible and it has been wonderful watching the children handling the items this week.

Home learning

We had some lovely songs sent in on Tapestry this week! Thank you to all those that took part!

Challenge for this week...

Exploring shadows. Using a torch (either a handheld or on your phone) can you encourage your child to make some different shapes with their hands or find some different objects around the house to see what shapes their shadows are?

Even though restrictions are easing we must ask you to still ensure you are wearing a mask when picking up and dropping off your child. It is important as we approach Christmas and beyond that we remain safe and well for the holiday period.

SNACK

Thank you to those parents who have paid their snack money. It is really appreciated. Please remember if your child is AM only we ask for £1, if they stay all day, £2. You are welcome to pay week by week or the full half term.

Please ensure your child has a warm coat that they come to school in each day. It is getting cold now and we do go out in all weathers. If you have not sent in a change of clothes for your child please do so as soon as possible.

Star of the week

This week, our star of the week is
★ Nikas ★
for making the right choices all week and for being kind and helpful to our younger friends.

Sweets and things from home

We have seen an increase in the amount of sweets and toys that are coming into school in children's pockets. Please can you encourage your child to keep anything like that at home as we do not allow sweets at school nor can we be responsible for any items from home that go missing. Thank you!
