### Primary Applications

If your child in Nursery is moving up to Reception in 2023 you should now apply for their school place. Applications are now only accepted on-line, so please do this before the closing date of 15 January 2023. Please do not be late with your application as your child may not get their first choice of primary school.

### Water

For health reasons St Albert's is a 'water is best' school and we therefore enforce a water only policy in class. As times have changed, and children have more access throughout the day to water, it is particularly more important that this is not substituted with juice. Continuous juice through a water bottle is not healthy for many reasons least not a young child's teeth. Please support us and encourage your child to only drink water at school.
