Questionnaire

As part of our school of sanctuary award, we are asking parents to complete a questionnaire to gather information about how many nationalities and languages are spoken in our school. Please complete this so we can update our records and ensure these cultures and languages are celebrated in our school.

Scan the below QR code using your mobile device. You will then be directed to our questionnaire.

Live simply

Last week launched our Live Simply award with an assembly in school. The children are now working on their pledges, and we are asking parents to get involved to. I am sure that the children will enjoy bringing your pledges into school and seeing them displayed. Tonight, we have sent home the pledge form for you to complete. This can be returned to school next week and we are going to laminate them and then display them outside so that every so often we can remind ourselves what our pledges were.

The award is really pertinent, especially at the moment when so many of our community may be struggling. A call for simplicity, to work with others and to protect our earth may just be what we need.

Simply choose what you want to pledge and then return it to school on one of the coloured pledges -green for sustainability, peach for simplicity and blue for solidarity.
