

# ROBOTS - HUMANS

YEAR 1

We have five senses:

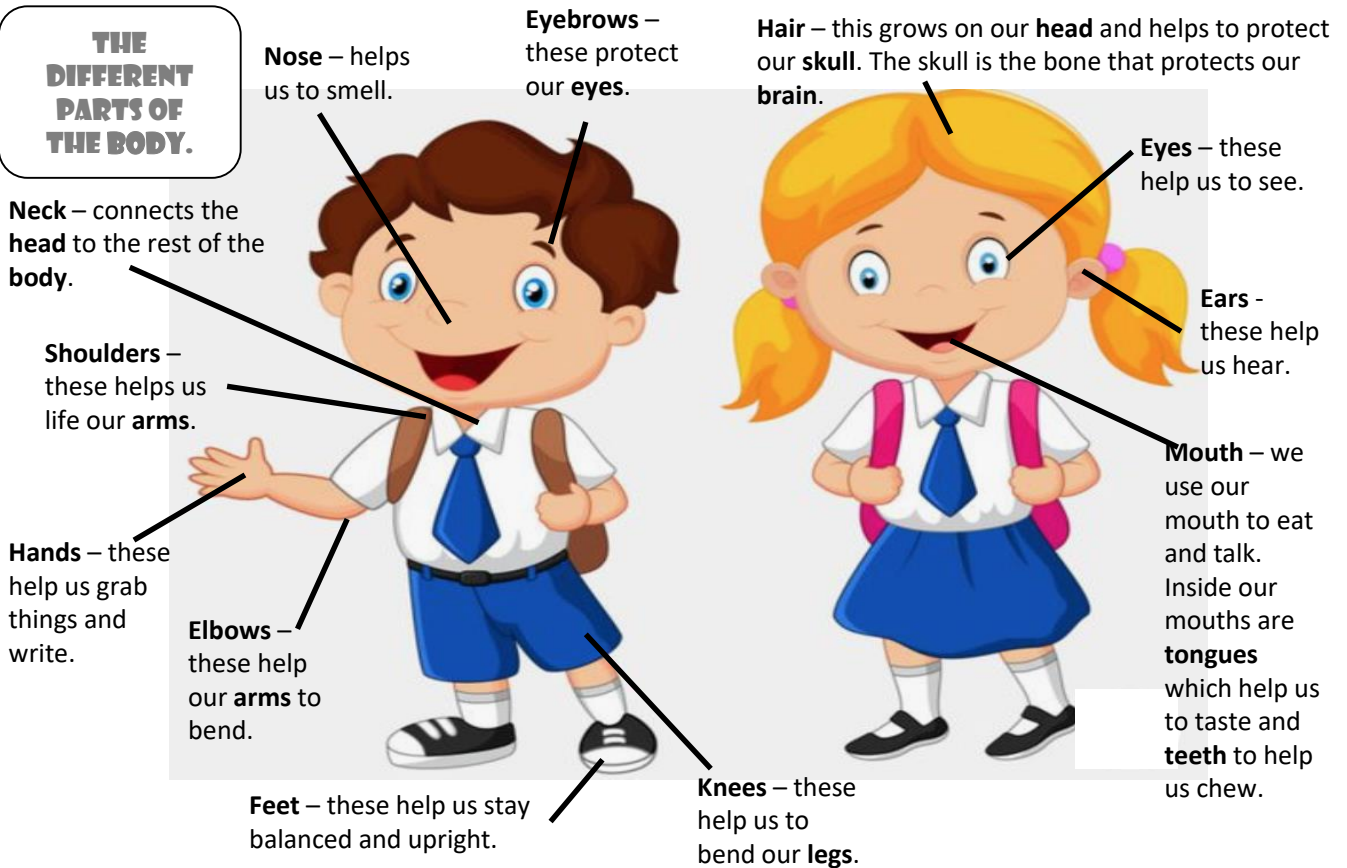

1. We smell using our nose.
2. We taste using our tongue.
3. We touch using parts of our body, like our hands.
4. We see using our eyes.
5. We hear using our ears.

## CORE LEARNING OF THIS UNIT

### Five senses

### THE DIFFERENT PARTS OF THE BODY.

### PRIOR LEARNING & CURRICULUM LINKS

#### Prior learning

Foundation Stage: Understanding of the world.

- Know how to keep healthy by doing exercise and eating healthily.
- Know some rhymes about the body (e.g. Head, shoulder, knees and toes.)

### WORKING SCIENTIFICALLY

- Label the different parts of the body and describe what each part does.
- Draw around one of the pupils in your class using chalk – label the different parts of the body.
- Complete a simple investigation – do people with bigger feet have bigger hands?
- Participate in sensory experience where you taste, feel, look at and see different food.
- Use sense to compare different textures, sounds and smells.
- Discuss activities where you might not have all your senses.
