

# MOVING PICTURES (MECHANISMS)

YEAR 1

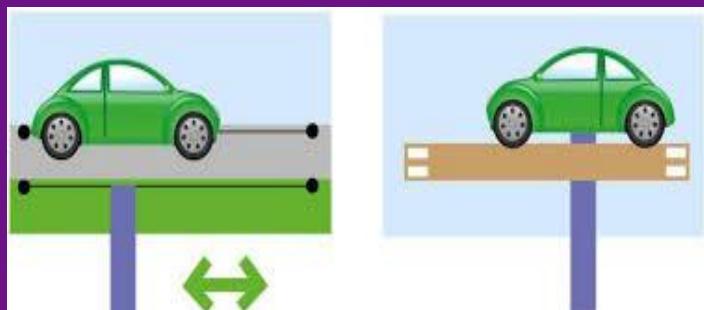

## Real life context

Reception class love the book The Jolly Christmas Postman.

Can it be used as inspiration for our own moving pictures?

## SLIDERS

Create a slit either horizontally or vertically and slide the card strip into it.

## LEVERS

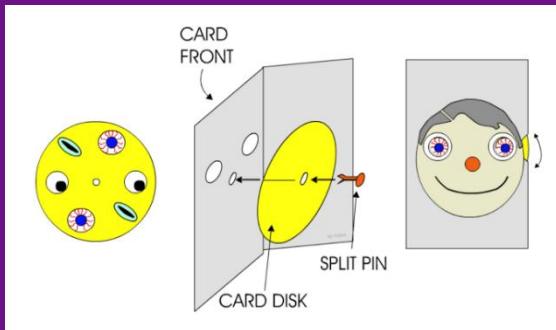

A card strip is used as a lever. The fish and boat are glued to the lever which is used as a handle..

## Key Vocabulary

mechanism	Things that work together.
Split pin	
Slot	A place where you can put something inside.
Masking tape	
Join	Connected
Pivot	A point where something can be turned.
Slider	Something that can be move side to side.
Wheel	A circle that can be moved.
Lever	A join that can help things lift or move.

## WHEEL MECHANISM

First cut a circle from a piece of card.

Then draw your pictures on it. Cut a whole on another piece of card. Using a split pin attach the circle so the images are behind and appear when you turn it.
